Self-Study - Interactive Online Courses

1. Interactive Online courses are, by definition, only presented on the Internet and do not require a final exam. In addition to providing PSI with the means to view the course online, you must submit all study materials with the course approval application. The materials may be in the form of paper, diskette, CD or other electronic medium. This course type does not require an exam.

Your course submission should include documentation showing how the course meets the basic requirements, including:

 - Provide course outline and justification as to the number of credits requested for the course in accordance with Rule 3901-5-03.
 - The number of questions that appear at the end of each chapter or section.
 - A sample of the questions.
 - References from the questions back to the text, if requested, and the answer key.
2. The basic requirements for an interactive online self-study course include:
 - Be designed to prevent the student from completing the course in a time unreasonably short when compared to the credit hour total approved for the course.
 - Be available 24 hours per day, 7 days per week. Minimal down time for updating and administration will be permitted.
 - Provide clear instructions on how to navigate through the course.
 - Provide a series of questions after each unit/chapter. All questions must be answered correctly prior to proceeding to the next unit/chapter. The material can be reviewed while answering questions.
 - Include reinforcement response when a question is answered correctly (e.g. pop-up screen).
 - Include a response when a question is answered incorrectly.
 - Examples are:
 - Respond with the correct answer and explanation in a pop-up screen;
 - Reference back to the section/screen of the question; etc.
 - Have the ability to go back and review any unit at any time.
 - Provide automatic bookmarking at any point in the course.
 - Provide a course evaluation at the end of the course. The evaluation should include:
 - What the student thinks about the online method of learning?
 - What the student liked the most about online learning?
 - What the student disliked the most about online learning?
 - Would the student recommend online study to others?
 - Open-ended comments/questions.
 - Include information as to the minimum system requirements.
 - Include a statement that the student information will not be sold or distributed to any third party without prior written consent of the student. Taking the course shall not constitute consent.
 - Provide some type of encryption. All personal information, including credit card number, name and address of the student must be encrypted so that the information cannot be read as it passes across the internet.
 - Inform the student as to the period of time that the course is accessible from the date of purchase and include a disclaimer that “the course is approved only until December 31, xxxx.” (This date may be updated upon renewal of the provider and the course.)
 - Provide a completion certificate when a course is completed and the provider verified the completion. Electronic certificates are sufficient.
 - Students must affirm that they, and only they, completed the course.
 - include the ability to contact an instructor (i.e. automated e-mail).
 3. Desirable items, but not mandatory:
 - Include a high level of interactivity (clicking on paths and navigation through an instructional sequence is not representative of interactivity).
 - Include graphics that reinforce the content.

Professional Association Membership Credit

An application for renewal shall be made no later than November 30th each year on a form prescribed by the Department and shall include the appropriate fee based on the fee option selected on the renewal application.
4. The method of verification of qualified participation activity shall be determined by the provider.
5. The association is responsible for determining if participation in a meeting, program or affiliation qualifies for association credit and for the number of appropriate association credits earned. If the association determines that a requested activity does not qualify for association membership credit, the provider shall send a letter to the licensee within 10 calendar days of the decision with an explanation as to why credit was not granted.
6. The provider shall submit association membership credit requests to the Department on a form prescribed by the Department pursuant to the requirements of [Ohio Administrative Code 3901-5-04](#).

Instructions for Schedule Reporting

Classroom and Distance Learning courses require schedule submission prior to the offering of a course.

Schedules for Classroom and Distance Learning must be submitted to the Department a minimum of 10 calendar days prior to the offering of the course.

Providers are required to submit course schedule offerings and course rosters using the Department's Education Provider Portal. Please see the Education Provider Portal User Guide for more information. The Education Provider Portal User Guide can be found on the Department's website at www.insurance.ohio.gov.

For course offering schedules, the provider must provide the date, start and end time and location of each course.

The provider must notify the Department in writing immediately upon cancellation or change to any course, including but not limited to the date, time or location. Changes to course schedule offerings may be made in the Education Provider Portal by the provider.

An approved course must be in session on the date(s) scheduled, during the specified hours and at the designated location unless cancelled in accordance with Ohio rules or unless notification of change is given to the superintendent in accordance with Ohio's requirements.

Failure to follow Ohio's rules and regulations may result in administrative action.

Ohio Department of Insurance Continuing Education

Instructions for Roster Reporting

Rosters must be submitted within 15 calendar days of the course's completion. The reporting fee is \$1.00 per credit hour for each student on the roster.

Providers are required to submit course schedule offerings and course rosters using the Department's Education Provider Portal. Please see the Education Provider Portal User Guide for more information. The Education Provider Portal User Guide can be found on the Department's website at www.insurance.ohio.gov.

The Department will invoice each provider on a monthly basis for any credit submitted during the previous month. You may not submit payment until the invoice has been issued by the Department. You may pay the invoice by paper check or money order made payable to the State of Ohio Treasurer by mail directly to the Department at the address below or by electronic check or by Visa or MasterCard through the Department's EPay System. More information regarding payment is included in the back of the Education Provider Portal User Guide.

Partial Credit

Partial credits, rounded down in one-hour increments only, may be given for classroom courses only at the discretion of the provider. However, the course participation fee must be paid as if the agent has attended the entire class. When submitting the roster through the Education Provider Portal, the provider will enter the correct number of completed hours.

Instructor Credit

Instructors may be awarded credit in an amount equal to two (2) times the number of hours actually spent instructing a course. To report credits for instructors, mark the instructor box when entering roster information via the ODI Provider Portal. If a course has multiple instructors, no instructor may receive credit for more than his or her pro rata share. Credit will be given only once per course per renewal cycle.

Duplicate Course Entry

In the event an agent completes the same course more than once in a renewal cycle, the provider is still required to submit a roster for that agent. The provider, however, needs to change the number of completed hours to zero (0).

**Failure to follow Ohio's rules and regulations may result in administrative action.
The provider's failure to timely file an attendance roster may result in denial of CE
credit for those agents who attended the course.**

Education Provider Portal Information

The Education Provider Portal is an application designed to help Education Providers record and manage course credit information for Ohio's insurance agents. All information received through the Education Provider Portal is automatic and instantly downloaded into an agent's licensing record and transcript.

The [Education Provider Portal User guide](#) is available on the Department's website.

Before you can begin using the portal however, there are some steps that must be taken to prepare you for using the portal. These steps include:

Step #1: Creating an ODI Gateway account. "This provides access to the Education Provider application."

Step #2: Log into the Gateway and associate yourself.

Step #3: You're ready to begin using the portal to upload and manage schedule and roster information!

Please note that Gateway account information **MAY NEVER be shared. Each person using the ODI Gateway to report schedules and rosters must have their own unique account.**

Overview of PSI's Course Review Process

PSI reviews each course application against the standards established by the Ohio Department of Insurance to determine whether the course is acceptable.

PSI reviews the application and supporting documentation/attachments, identifies the course type and content, assures providers maintain a quality curriculum and is supported by qualified instructors (if applicable), reviews the comprehensive course outline, and reviews the content of course materials and the examinations (if applicable). PSI also reviews each course for its evaluation and assessment methods, evaluates course length, material relevance and correctness, and justification of the number of hours requested by taking into consideration the subject and the level of difficulty.

Upon PSI's review of the course application, the provider will receive one of the below types of letters detailing the results of the final application determination:

- 1) Approval of course for full credits requested Letter will include:
 - Approval confirmation;
 - Approved title of course;
 - Date of course approval;
 - Assigned course number; and
 - Approved credits hours for the course.

- 2) Approval of course for credits different from requested Letter will include:
 - Approval confirmation;
 - Approved title of course;
 - Date of course approval;
 - Assigned course number;
 - Approved credits hours for the course;
 - Explanation as to the difference in approved credit hours.

- 3) Denial of course
 - Letter will include:
 - Denial notification;
 - Date of course denial;
 - Explanation as reason why the course was NOT approved; and
 - Instructions on Appeal process.

Frequently Asked Questions (FAQs)

How long does it take for a course application to be approved?

PSI will review course applications within 30 calendar days of receipt. Providers are encouraged to submit course applications as early as possible.

How will I know when a course has been approved?

PSI will email you a course approval certificate to notify you that your course was approved. The approval certificate will contain the course I.D. number as assigned by PSI, along with the number of credits and course category that the course was approved for.

My course was denied. How do I appeal?

The first step to appeal is to call PSI to discuss the decision by phone at 800-742-8732. If the dispute cannot be resolved by phone, you may submit a written request to PSI to appeal as outlined on page 31 of this packet. If you disagree with PSI's response to your written request, you should then address your request, in writing, to the Ohio Department of Insurance.

How and when do I notify the Department of a course schedule?

Providers must submit the date, time and location of each classroom and distance learning course at least 10 calendar days prior to course presentation electronically through the Provider Portal.

Submitting a copy of the course schedule with your course application does not qualify as submitting the course schedule. The provider must immediately notify the Department of course cancellation or any changes in the date, time and/or location.

What is required on sign-in/sign-out sheets for classroom courses?

A sign-in/sign-out sheet is required for all classroom courses. The attendance sheet must include the course name and number, the date and time of the offering and the exact time of arrival and departure of each attendee along with each attendee's signature and National Producer Number. Each approved course must have its own sign-in/sign-out sheet. Providers offering multiple approved courses on the same day must maintain separate sign-in/sign-out sheets for each approved course.

Seminars/Conference that are approved as one course but offers break-out sessions must have separate sign-in/sign-out sheets for each session, if not all sessions received CE approval. A sample sign-in/sign-out sheet may be found on page 42 of this packet.

Do Self-Study Courses require a proctored final exam?

There are two types of self-study courses, interactive and non-interactive. Interactive online courses must contain a series of questions after each unit/chapter. 100% of the questions must be answered correctly prior to proceeding to the next unit/chapter. The material can be reviewed while answering questions. Non-interactive self-study courses do not require chapter quizzes but do require a non-proctored final exam upon course completion. The student may not have access to course material or reference material during the final exam. Credit may only be awarded if the student receives a grade of 70 percent or greater on the examination.

How and when do I submit course roster to the Department?

Providers are required to report course completion rosters within 15 calendar days of course completion electronically through the Department's Education Provider Portal. The roster must include the name and National Producer Number (NPN) of each student and the number of requested credits per student.

How and when do I renew?

The approval of a provider and course shall be from the date of approval through December 31st of the same year in which approval was granted. PSI will send renewal notifications to providers no later than September 30th each year. All requests for provider and course renewals must be completed and

returned to PSI no later than November 30th each year. Any provider who does not timely renew and whose authority has expired must submit a new provider and course application(s) and required attachments before offering or holding any course(s) after the expiration date. Providers must not hold a course or allow for completion of a course after the license expiration date.
